Shooting - 1st blk. N. Ann St.

At 2:47 A.M. June 26th 2009, Lancaster City Police Officers responded to the 1st blk. of N. Ann St. for a report of shots fired. Officers located several 9mm shell casings on the sidewalk on the east side of the street. Witness reported seeing a male and female enter a gray or silver vehicle immediately after the gunshots were heard. This vehicle drove north on Ann St. At approximately 2:51 A.M. a gray vehicle driven by a female arrived at Lancaster General Hospital and dropped off a 20 year-old male with two gunshot wounds. The vehicle then drove away. The victim was treated for two gunshot wounds to his left leg, neither of which was life-threatening.

The victim, a city resident, was interviewed at the hospital and was inconsistent with his account of the shooting. The victim's account did not match that of witnesses in regards to many details, including the location of the shooting. The account provided by witnesses was further corroborated by footage from Lancaster Safety Coalition cameras in the area, which captured images of the aftermath of the shooting. This video footage verified the travels of the gray car used to transport the victim from the scene.

The victim's name is not being released at this time. There are no named suspects at this time. The investigation into this incident is continuing. Anyone with information is encouraged to call the Lancaster City Police at (717) 735-3300.
